

Recipient: Sathya Sai devotee fraternity worldwide including alumni and staff of Sai educational institutions

Letter: Greetings,

We condemn spiritual fraud Madhusudan Rao Naidu

Aum Sri Sai Ram!

This is a public declaration by interested Sathya Sai devotees and NOT a petition to any government authorities. We request Sathya Sai devotees worldwide, including alumni, former staff and current staff of Sathya Sai educational institutions, who agree with the views expressed in this declaration, to publicly sign this declaration/petition as a public stand taken by hopefully many Sathya Sai devotees worldwide on Madhusudan Rao Naidu spiritual fraud.

Bhagavan Sri Sathya Sai Baba of Puttaparthi and Prasanthi Nilayam ashram, is our beloved and revered Gurudev (spiritual master) and Lord. Bhagavan Sri Sathya Sai Baba gave up His physical body in April 2011.

We condemn the outrageously false claim of Madhusudan Rao Naidu made publicly from May 2014 onwards, that he is able to see and interact with a so-called subtle body of Bhagavan Sri Sathya Sai Baba based in Muddenahalli, Karnataka, but which so-called subtle body, for all practical purposes, is not seen by anybody else. We also condemn the outrageously false claim of Madhusudan Rao Naidu that Bhagavan Sri Sathya Sai Baba's so-called subtle spirit enters into his body, at which time Madhusudan Rao Naidu claims that he becomes Bhagavan Sri Sathya Sai Baba.

While in His physical body, Bhagavan Sri Sathya Sai Baba has said publicly on many occasions that He communicates directly with His devotees and does not ever use intermediaries and mediums (or communicators). Please visit

<https://thetruesai.weebly.com/swami-warns.html>

for some examples of such public quotes of Bhagavan. After Bhagavan Sri Sathya Sai Baba's Mahasamadhi in April 2011,

Madhusudan Rao Naidu is misguiding thousands of Sathya Sai devotees across the world, including some school students in Karnataka, India with the above mentioned outrageously false claims of his. We condemn Madhusudan Rao Naidu for this misguidance he is doing using the HOLY NAME of Bhagavan Sri Sathya Sai Baba.

We condemn the dilution and distortion of the legacy and memories of Bhagavan Sri Sathya Sai Baba that Madhusudan Rao Naidu is doing.

We view the above mentioned actions of Madhusudan Rao Naidu as spiritually fraudulent and condemn Madhusudan Rao Naidu as a spiritual fraud.

Shivakumar Kannan	Mumbai, India	2019-01-02	I cannot accept the fraudulent impersonation of Bhagwan Sri Satya Sai Baba whom we so dearly love and respect. Baba throughout His life reiterated on multiple occasions that He wouldn't operate through any medium and here is a man who is raising funds in the guise of social work, claiming he's His medium! Very unfortunate that such a thing is going on unabashedly. This needs to be stopped.
SANJAY GUPTA	India	2019-01-02	Any one declaring Himself as Sathya Sai Baba in nothing short of FRAUD against Humanity ... Even if he decalers Swami takes over his Physical Body as possession.

S Venkatraman	India	2019-01-02	Ravi S Iyer is truly one of the sincere devotees of shri Sathya sai baba who despite all the mockery, has stood up on behalf of all of us, condemning the acts of Madhusudhan Naidu. I sincerely pray god to bless him with good health. He has courageously taken a stand on this situation. I sincerely urge all of you to sign the same and stand with him on this cause.

Barbara Mullen	Palm Coast, Florida, US	2019-01-02	The REAL Sathya Sai Baba always taught that His connection to His devotees is Heart to heart; no intermediary necessary. Also Sathya Sai Baba said to NEVER collect money in His Name. The Frauds at Muddenahalli are doing both, unabashedly! Madhu pretends to "BE" Sathya Sai Baba, aping His movements and gestures, and the y travel the world in first class style & accommodations to beg money

			from global bigwigs, as well as the ignorant and naive...The Mis-leadership at Muddenahalli have created a sham to boost their egos and their pocketbooks. Theirs is NOT the teachings of Sathya Sai Baba, and they must IMMEDIATELY CEASE AND DESIST from using Sathya Sai Baba's Holy Name in ANY of their endeavors.
Barbara Mullen	Palm Coast, Florida, US	2019-01-02	The Mis-leadership at Muddenahalli have hijacked Sathya Sai Baba's Name and Fame for their own greedy and egoic purposes! The REAL Sathya Sai Baba said His connection to His devotees is Heart to heart; no intermediary required. Also the REAL Sathya Sai Baba said to NEVER collect money in His Name. The charlatans at Muddenahalli are doing BOTH. They must immediately Cease and Desist using the Name and/or image of Sathya Sai Baba in any of their endeavors!
Lisa De Witt	Bend, Oregon, US	2019-01-02	The tactics being used by Madhusudan and his group are against Swami's teachings. Swami has never endorsed Madhusudan. I've seen videos in which it appears to me that Madhusudan is using sleight of hand.
Seshasai Nellore	Hyderabad, India	2019-01-02	I have immense respect for Ravi Iyer and can totally trust in his judgment on this issue. Divisions in Spiritual Organisations such as Sri Sathya Sai Organisation are never beneficial to the faithful followers and they're downright harmful. Madhusudan Rao Naidu and the Muddenahalli faction are trying to hijack and dilute the sanctity of Baba's life-long work and I hope they come to their senses soon.

indrani talukdar	Babngalore, India	2019-01-03	Only Sri Satya Sai Baba, incarnated on 23rd. November'1926, in Puttaparthi, India, is the the true God, come on earth & here in all truthfulness I condemn & deny the imposter madhusudhan naidu, being guided by the devil incarnate narasimha murthy
leonie pearce	Australia	2019-01-03	It is really very simple. Swami said, "There are no intermediaries." Nothing else needs to be said.
Namanithi Seenivasan	Singapore, Singapore	2019-01-03	I am actually not bothered about MDH or Madhusudhana Naidu or his mentor Narashima Moorthy. For all I know they can go to hell. It's their evil intentions of stirring real Sai teachings and Devotees away from the holy cause that Swami has taught us that gets me into a anger mode. Those who sincerely lack faith in Swami are easily taken by these creeps. Just a simple example how many of these MSH followers realise that Swami is within us. Communicated with us and yet they want a subtle form which only the great Naidu can see and approach whereas the rest are charlatans? This enchanter's end game must be brought to a stop and we will not stop till people realise the true teachings of Bhagawan Sri Sathya Sai Baba and his love for US. Sai Ram

ilana so	Winnipeg, Canada	2019-01-04	what a nightmare. I can only say I heard another guy make the exact same claims as Madhusudan in stonewall manitoba canada. I count my experiences there as the one of the worst of my entire life. Bhagawan has written volumes to explain all our experiences. He wrote about mediums and funnily enough Christ also cautions against mediumship. History repeating itself we do not want. Such atrocities as the spanish inquisition. This is no joke.. "Help ever Hurt never" . The repercussions of taking advantage of Bhagawan's Mahasamadhi to position oneself to the vulnerable and bereaved as His voice on earth, and to teach "mediumship to others" is such garbage. But we mustn't be fanatical. Although I would like to see the guy from stonewall in jail, and wish I hadn't had these experiences 30 years ago, I simply say Bhagawan Sri Satya Sai Baba wrote many many books and gave many discourses. Every Spiritual experience and His teachings can be found within those books. Once He Had nothing left to say

Ravi S. Iyer	Puttaparthi, India	2019-01-04	Sai Ram brother! Regarding your what next question - From https://ravisier.blogspot.com/2019/01/faq-on-changeorg-petition-declaration What are the objectives of this Petition/Declaration?A1. The main objective of this petition is the public condemnation of Madhusudan Rao Naidu. An additional but important objective of this petition is to know how many people are publicly willing to sign this petition, and also how many alumni are willing to publicly sign it.----Q2. What is the next step after this Petition/Declaration?A2. I am not thinking of any next step after the declaration. I feel that the petition/declaration will help us to know how many in the Sathya Sai devotee community including alumni and staff of Sai educational institutions are willing to publicly condemn Madhusudan Rao Naidu in this petition.The earlier petition, https://www.change.org/p/president-of-indiamr-pranab-m-p-m-narendra-modi

Carlos Avila	Viera, Florida, US	2019-01-04	It's not a matter of courage, it's a matter of Truth. And Baba Himself stated, on many occasions, that nobody speaks for Him, that He had no intermediaries. It's sad that many of us have been divided over greed. Because we all are brothers and sisters of the same father/mother.
PAVANKUMAR GALGALIKAR	Pune, India	2019-01-04	Doing charitable activities by collecting voluntary funds is acceptable but claming the place of Satya Sai Baba is not at all acceptable.
Vinod Chowdary	Arcadia, US	2019-01-04	In the beginning, Sri Madhusudan Naidu pretended as if Swamy is speaking to him. A year or two years back, he started walking among people and boys cleaning the way. This is nothing but, showing he is equal to our beloved Lord Sai. What type of devotee he is?.

julia sathya	Los Angeles, California, US	2019-01-06	Baba taught His devotees that He doesn't need a "middleman" to reach us. It's tragic how many regular people like Madhu are taking advantage of vulnerable people who are desperate to believe the wicked lies he and his crew are spreading. I pray for all. May Baba bring more light to this so Madhu's selfish ways can be revealed to all.Om Sai Ram
Renato Ciammaruconi	Maleny, Australia	2019-01-06	Swami himself said he does not need intermediaries, He communicates heart-to-heart with each individual devotee. To say Swami has taken a different path, changed his mind is ludicrous, ignorant. Truth does not change, as Swami said. The group only seek to divide and split Swami's teachings and Mission for their own power, greed and more. There is a darker side to this phenomenon which all spiritual aspirants should heed and become aware of before it is too late. Decisions being made are not only of this world and now, they will carry on.
